

Falcon 7X OH-WIX

Bed options

Forward cabin

You can have one or two comfortable single beds in the forward cabin of the 7X.

Mid cabin

We will prepare you a beautiful dual bed from the club table.

Also the back rests of the two seats next to the club table can be laid flat as an extra resting option.

Rear cabin

The divan in the rear cabin can be made as one wide single bed.

If you need the most luxurious option, we can make you a dual bed that is as wide as the cabin.

This area can also be separated with a curtain.
