Approach & Concept

Challenger 650: the latest newcomer to the Jetflite fleet, manufactured in 2020

Bombardier's best-selling large aircraft platform combines world-class interior design with the ultimate value proposition.

Having the widest-in-class cabin, a worldwide reach, and the lowest direct operating costs makes the Challenger 650 a winning choice.

From its signature metal trim to its smart foldout tables, every aspect of the cabin has been carefully designed for an unrivalled private jet experience.

Whether for work or pleasure, the Challenger 650 aircraft delivers on its promise of class-leading comfort.

Comfort & Security

Jetlite's fleet represents the latest technology

We take comfort and security seriously so that our customers can relax and enjoy.

Established four decades ago, Jetlite has built an impressive reputation for tailoring services to varying needs.

Flying with JETFLITE, our customers avoid the crowds of main airport terminals.

On board, passengers are only in contact with their own travelling group and the flight crew, ensuring a safe and enjoyable trip.

Punctuality, privacy, safety and discretion: the most common reasons for hiring a private jet, and not by coincidence, the values that Jetlite, as a private jet service provider, is known for.
